TERMINATOR PACK F4 -

MODEL DESCRIPTIONS

EBERLESTOCK TERMINATOR PACK F4.

The F4M Terminator is an extremely versatile full-format load bearing pack. It is an excellent all-around rucksack, is easy to live out of, and is a great load hauler. Featuring both front-loading and top-loading access, it has a number of zippered compartments to keep you organized. Its optimized for the scout/sniper mission, with a unique articulating rear interior wall that allows a weapon carrier to be inserted and carried near the wearers back. When not carrying a weapon, the wall is pressed against the frame to maximize conventional interior load space. Eberlestock side scabbards and weapons carriers can be attached inside the weapon sleeve, to tailor quick-access weapon carriage to match your gun. A tailored rain cover is included and is stored in a zippered bottom pocket. The LP1 Fanny-Top can be removed and serves as a pull-off go-bag.

Total Volume: 4,100 c.i.

Weight: 8 lbs 10 oz

Dimensions main bag: 23"h x 12"w x 10"d
