## **BASIC MASK COVER**

### **MODEL DESCRIPTIONS**

The BASIC MASK COVER is a face cover to be worn over the surgical masks/shields FFP2 and FFP3.

Once the mask covers are worn, these are superimposed over the surgical masks/shields FFP2 and FFP3 and fastened to the ears by an elastic cord with the possibility of adjustment with a cord holder.

Once the adjustment has been made, we invite you to cut and weld the excess cord.

It is a washable product and we invite you to follow the washing instructions you can find in each package.

#### IMPORTANT:

THE BASIC MASK COVER IS NOT A MEDICAL SANITARY DEVICE, IS NOT A PERSONAL PROTECTIVE EQUIPMENT (PPE's) AND DOES NOT PROTECT FROM VIRUSES AND BACTERIA.

Thanks in advance for time.
