EASY THERMAL JACKET 60GR

MODEL DESCRIPTIONS

Scout model thermal jacket. Extremely squeezable and versatile in using this duvet, it uses a 60gr/sqm Primaloft hydrophobic padding of the latest generation which does not become impregnated with water. It can even be worn under the BDU jacket due to its compact design. The short cut ensures compatibility with the first line of combat. The outer and inner fabric is a special Cordura, durable, breathable and water repellent. The cuffs are stretched to create as much comfort as possible. There are 2 pockets on the front and a pocket inside exploitable as bag for the jacket.
