HERCULES DUFFLE

MODEL DESCRIPTIONS

B3 HERCULES DUFFEL - EBERLESTOCK -
Recent Updates made to B3 Duffel
- Drag handle moved lower on duffle to improve comfort when rolling.
- Drag handle access port in rain cover removed to improve moisture protection.
- Loop backing added to internal Molle webbing to improve security of internal partition panels.

The B3 Hercules Duffel is an over sized rolling duffel bag designed to keep the entirety of your gear organized, secure, and consolidated. Modular hook and loop panels allow you to partition off various sized compartments to divide gear or clothing. The Hercules also features 6 spacious external pockets, 3 on either side with the middle pocket also containing elastic sleeves for small item organization. An attached and stow-able rain cover protects the entire bag from moisture or dust in the harshest of conditions.

Don't forget camp or mission essential items ever again due to lack of organization! The B3 Hercules duffel was designed to be rugged and functional to allow you to bring any gear you may need for any mission, trip or adventure!
