ROMAD PACK

MODEL DESCRIPTIONS

Description.
EBERLESTOCK ROMAD PACK.
ROMAD is a lightweight, compact, and highly versatile comms assault pack that was tested and refined on deployment. Smaller than legacy radio packs like the FAC Track, ROMAD's streamlined design reduces your profile while providing enough room for sustainment and extra gear. These same design choices make ROMAD equally capable on the trail, at the range, or as a bugout bag.
ROMAD is intentionally sized to fit communications systems like the PRC117 and has internal loop MOLLE webbing for securing additional accessories like radio pouches, Velcro holsters, or mag pouches. Locking zippers along the comms port give in-field security and work as a first line of defense against the elements.
Accessing the internals is quick and straightforward, thanks to a full-length U-shaped opening that runs from top to bottom. This design feature lets you rapidly retrieve gear without having to blindly feel your way around the pack. A separate, dedicated hydration sleeve keeps liquids away from sensitive equipment, clothing, or other gear in the pack's main compartment.
On the pack's exterior, you'll find two zippered organizational pockets. The top pocket is perfect for grab-and-go essentials, and the bottom has padding for NODs or hearing protection.
ROMAD's internal HDPE frame adds structure and support for heavier loads, and ergonomic air-mesh padding provides all-day comfort and ventilation with or without a plate carrier. MOLLE webbing along the entire shoulder harness keeps cables secure and protected, reducing snags and giving you a place to route hydration system hoses.
When working in confined spaces like vehicles, helicopters, and watercraft, ROMAD's slim profile promotes maneuverability. This makes ROMAD a fantastic choice for carry-on travel or transport from field work to the gym. Extensive MOLLE webbing across all external surfaces allows ROMAD to expand with the addition of MOLLE-compatible accessories, allowing you to prioritize sustainment and scale up or down from there depending on the mission.
*High Ground Gear Instant-Access PRC-117G Pouch not included.
Specs.
Weight: 3lb 1oz.
Dimensions: 18.5"H x 10.5W x 7.75"D.
Volume: 1526c.i. / 25L.
Features.
" 500D Nylon Fabric.
" HDPE sheet frame.
" YKK zippers.
" Locking antenna zippers.
" Internal radio or holster MOLLE.
" External MOLLE.
