PRODUCT SHEET

SNIPER SLED DRAG BAG 52` E2B

MODEL DESCRIPTIONS

EBERLESTOCK SNIPER SLED DRAG BAG 52'.

Product Details.
Weight: 7 lbs 9 oz.
Dimensions main bag: 52"l x 14"w x 2.5"d.

The Sniper Sled is widely considered to be the best 52" drag bag on the market. Our unique triple-fold rifle design is the only tapered bag that folds flat into a shooting mat. The third leaf also serves as an internal divider panel, which makes this an excellent two-rifle case. The E2B features a MOLLE-type attachment system for its three removable bags. The middle of these bags is a MOLLE compatible-version of Eberlestock s A2MP MultiPack. Other improved features include a secure, adjustable, and removable harness system. The harness can be mounted two ways, 180-degrees apart, so that you can carry the bag with your rifle barrel up, or in a lower-profile barrel-down mode. Super-strong drag loops are fitted to either end. The interior features MOLLE/PALS-type webbing and two large plastic-mesh zippered pockets (shielded from your rifle by the middle leaf), secure and adjustable weapon tie-downs, and a fold-in rifle crown protector.

A full MOLLE/PALS array covers the front panel beneath the detachable bags.

Actual weight = 8 lbs. Shipping dimensional weight = 24 lbs.
